

RMJ/H 035 Continuous Casting Machine

6 litre (2,000 oz silver) capacity graphite crucible

45 KVA

9250-X withdrawal for up to 6" wide strip

Servo motor withdrawal drive

PLC controls with touchscreen interface

Data recording (temperatures, flows, withdrawal parameters)

Production parameters for operation stored in and recalled from PLC Memory.

Repeatability from cast to cast.

Equipment Budget price: USD 250,000

Available with: in-line surface milling,
 In-line cut-off shear or cutting saw
 In-line strip coiling
